

**BONALDO**

# Loto W

Designer: Dondoli and Pocci

Loto W is a chair with a body moulded in plastic material, proposed in the elegant smoke colouring. A thin frame in painted steel, chrome or black nickel also serves as a decorative element and a solid connection between the seat and the bottom of the chair. The legs, made of solid ash-wood, give it overall sophistication and a timeless style, albeit very particular.

Unprecedented combinations for a result that joins sophistication with simplicity. Designed by Dondoli and Pocci, Loto W is a comfortable and multi-purpose proposal that, with its precious design in the sign of originality, can enrich more classic or distinctly contemporary environments. A furnishing element that is pleasant, aerial and solid at the same time.
