

Tobi 3

Small tables made of solid scented cedar wood, featuring a natural iron base. The design ideas stem out of an intuition by Arch. Terry Dwan.

These products have a low impact on the environment. They are small objects conceived for furnishing the house with the awareness that the wood used for their realization is subjected to particular processes, which allow the recycling of all the parts of the tree.

ESSENCES

Cedro grezzo - Cedarwood, raw -
Zedernholz unbehandelt
