

BONALDO

Blues

Blues is an innovative collection of chairs made in plastic material. The collection is distinguished by the perforated seat, comfortable and available in various colours, suitable for use in both indoor and outdoor environments. Resistant, lightweight and multifaceted, the Blues series was created for contemporary spaces and uses. Due to its design features as well as its solidity, it lends itself to all spaces, either private or public,

also succeeding in fitting into the most unusual settings. Blues is also proposed in the padded version: Blues XO (fully upholstered) or Blues XOXO (with upholstered backrest and seat and exposed frame). Two variants with the same DNA, but slightly different, to adapt to the most varied indoor uses.
