

BONALDO

Frinfri, Frinfri wood

Designer: Dondoli and Pocci

An expressive onomatopoea that recalls the sounds of cicadas: this is the image that inspired the new line of coffee tables by Bonaldo. The geometric, slender and rounded design of the structure makes them light-weight, while a game of balances between sharp corners and rounded angles supports a practical removable tray, an element that can be further embellished with a refined ceramic top. In the version of one material, the effect is of essential elegance and functionality; in the version with the

ceramic top, the contrast between the two materials adds further character. Frinfri coffee tables are available in three different heights and all models are proposed in multiple colour variants, to make it possible to choose the one that is most suitable to individual stylistic needs. The Frinfri wood variant features a wooden top and is available in two sizes (high and medium).
