

BONALDO

Mellow

Designer: Bartoli Design

Mellow is a fixed table, designed by Bartoli Design, characterised by soft, curvilinear forms, imposing and sculptural, as its name indicates, an English adjective that means “relaxed, at peace”. The original central base, plastic and volumetric, is made up of two different moulded elements in high-density polyurethane, which seem to hold each other in a tight embrace. The top is

equally sought-after, available in matt white lacquer or in various wood, glass, ceramic or marble finishes and two shapes (round or rectangular with rounded corners). The Mellow table was created to be the centrepiece of the space, reinterpreting and paying tribute to traditional models from a modern perspective, with large sizes, intended for great occasions.
