Rest Harry&Camila

Lips removable cushion p. 190

Casper rain cover p. 196

IT Un'intera collezione sviluppata insieme a due designer specialisti dell'outdoor design: Harry&Camila. Sedia e poltrona lounge impilabili con o senza braccioli, chaise lounge impilabile e lettino con ruote. Le strutture sono in alluminio verniciato a polveri per esterno, i rivestimenti sono realizzati con corde in poliestere o cinghie intrecciate. Gli elementi Rest possono essere resi ancora più comodi e accoglienti con l'aggiunta delle imbottiture rimovibili Lips nei diversi abbinamenti cromatici.

EN An entire collection developed together with two outdoor design specialists: Harry&Camila. It includes a stackable chair and lounge chair with or without armrests, a stackable chaise lounge and a lounge on wheels. They have powder-coated aluminium frames suitable for outdoor use, whereas upholstery is made of polyester rope or interlaced straps. The items in the Rest collection can be made even more comfortable and attractive by adding Lips removable padding, available in a variety of colour combinations.

DE Eine vollständige Kollektion, die gemeinsam mit zwei Spezialisten des Outdoor-Designs

entwickelt wurde: Harry&Camila. Stapelbare Stühle und Loungesessel mit und ohne Armstützen, stapelbare Chaiselounge und Liege mit Rollen. Die Strukturen bestehen aus epoxidpulverbeschichtetem Aluminium für den Außenbereich, die Bezüge sind hingegen aus Polyesterriemen oder einem Polyestergeflecht gefertigt. Die Elemente Rest können durch den Einsatz der abnehmbaren Polsterauflagen Lips in verschiedenen Farbkombinationen noch bequemer und einladender gemacht werden.

ES Una colección completa desarrollada junto a dos especialistas del diseño de exteriores: Harry&Camila. Silla y butaca lounge apilables con o sin brazos, chaise lounge apilable y tumbona con ruedas. Las estructuras son de aluminio barnizado con polvo para el exterior, mientras que los revestimientos están realizados con cuerdas de poliéster o correas trenzadas. Los elementos Rest pueden resultar todavía más cómodos y acogedores añadiendo los rellenos extraíbles Lips, en distintas combinaciones cromáticas.

FR Une collection entière développée avec deux spécialistes de l'Outdoor design: Harry&Camila. Chaise et fauteuil de relaxation

empilables avec ou sans accoudoirs, chaise de relaxation empilable et bain de soleil à roulettes. Les structures sont en aluminium laqué époxy pour extérieur alors que les revêtements sont réalisés avec des cordes en polyester ou des sangles tressées. Les éléments Rest peuvent devenir encore plus confortables et accueillants grâce aux coussins amovibles Lips permettant différentes combinaisons de couleurs.
