Peanut B

Designer: Mauro Lipparini, Mauro Lipparini

Great expressive value for a piece of furniture destined to stimulate our most creative and fanciful side; an enveloping softness which confers intense moments of relaxation day after day. Thanks to the many elements from which it is possible to choose, Peanut B is an extremely versatile sofa which adapts to every style or space requirement. Peanut B can also be arranged like an island and be placed at the centre of the room to create a space in

which to socialise. There are also some elements available with a mechanism that allows the seat to be extended, for even more comfort. The upholstery, removable, is in fabric or leather, and can be chosen in a solid colour or with different colours and patterns for every module that composes the sofa, in this way offering a further opportunity of personalisation.
