

Librio

Librio is a collection of asymmetrical coffee tables where the top, rectangular or round, remains balanced on a thin frame. The essential aesthetics make it a fluid complement, ideal both as a service table next to the sofa and as a bedside table next to the bed. The painted metal base matches the wood or Fenix top, an elegantly opaque surface, anti-fingerprint and soft to the touch.

DESIGN Bluezone

Librio è una collezione di tavolini asimmetrici dove il piano, rettangolare o tondo, resta in equilibrio su un fusto sottile. L'estetica essenziale ne fa un complemento fluido, ideale sia come tavolino di servizio accanto al divano sia come comodino vicino al letto. La base in metallo verniciato si abbina al top in essenza o in Fenix, una superficie elegantemente opaca, anti-impronta e morbida al tocco.

Bluezone

In 1997 Kristalia created an in-house structure that deals with research and development, where new materials and manufacturing techniques are for product engineering are experimented. The work group, which is composed of professionals and technicians with solid and varied experience in the field of design and communication, can rely on a well-equipped prototype shop to give shape to new ideas.

Dal 1997 Kristalia ha creato una struttura interna che si occupa di ricerca e sviluppo, dove si sperimentano nuovi materiali e nuove tecniche costruttive per l'ingegnerizzazione dei prodotti. Il gruppo, che è formato da professionisti e tecnici che hanno una consolidata e diversificata esperienza nel campo della progettazione e della comunicazione, può contare su di un attrezzatissimo reparto di prototipazione nel quale dare forma alle nuove idee.
