

Solid wood and blockboard highboard with a wooden frame. Shelves and drawers assembled with traditional dovetail joints inside, with a grooved handle. The unique processing technique applied to the doors and the front of the drawers creates a sculptural effect through the extroflexion of the wood, endowing it with a sinuous movement.

STANDARD COMPOSITION: DOORS - 2 FIXED SHELVES - 2 ADJUSTABLE SMALL SHELVES - 5 INTERNAL DRAWERS
ADDITIONAL ACCESSORIES: SEE INTRODUCTION
