

A stool made from solid, scented cedar wood, crafted from a single block and distinguished by its unique wave-like design. The seat is smooth, while the sides retain a raw finish. Inspired by the shape of a sanitary fixture, it offers an innovative reinterpretation: the use of wood allows for soft, flowing undulations—an effect that would be impossible to achieve with ceramic, the material traditionally used for such fixtures.

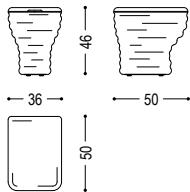

FOR CATEGORY A7 (CEDAR): PLANED EFFECT, ONLY THE SEAT IS SMOOTH
